

Full Quality Certificates Collection

Felix Glass Optical Component Certification Summary

1. ISO 9001:2015 Quality Management System Certificate Full process control for optical cutting, polishing, coating and finished inspection.
2. SGS Material Composition Test Report Certify pure BK7, fused silica, sapphire raw material without impurity.
3. RoHS Compliance Certificate Lead-free, non-toxic optical glass for aerospace & industrial export.
4. Spectral Test Calibration Certificate Inspection equipment calibrated by national optical measurement lab.
5. Factory Production Traceability Standard Each batch of optical domes has unique batch number with full IQC/IPQC/FQC record. All original scanned certification files can be provided by email upon customer request.
